Kevin,

To the only person in the world that I love! You've made my junior year the best ever. You know how I feel about you and I'll always feel that way forever. As I look back on the year I realized we've had our share of problems. For instance, at the "Mash" play how I hurt you by being with someone else one evening (you know who I mean) and then this whole deal with Heather. But for some beggar reason we are still together. I know that sometimes I act as if I don't appreciate all your advice in trying to make me a better person, but I do appreciate it. You have taught me ~~so~~ much about myself and you have installed confidence in myself. You have showed me many different places and shared feelings with me that I have never felt before. I just thought of something funny, remember how dumb our little weekly fights were, do you realize we have not fought in over a month! (what a goal!) I really don't tell you everything, but there is something I would like to tell you, for the longest time I felt that I wasn't good enough for you, even now sometimes I feel that way, but then I slap myself and realize that I'm so lucky to have a person like you to love me. I can't believe that this early in life I found a person as wonderful as you to spend all my time with. I must thank you for putting up with all my weird moods and dumb depression states. I really couldn't be luckier, to find someone as wonderful as you. We've grown so close within the last 9 months that I can't imagine ever being without you. Now that you might be moving away I sometimes feel frightened that maybe you'll meet someone else or you will just forget about me. When I feel that way I turn to God and ask him to help me and He usually does! You know God has gotten us through some pretty rough times. Do remember the two times we almost broke up, I do, very clearly! The one time after play practice on a Sat. and after play practice nearer the show. Both times I was so afraid I was going to lose you that I felt I was going to die, but here we are living happily ever after. I hope we always do live that way. Do you realize how well you know me, do have any idea. Sometimes I think you know me better than I know myself! You know things that I would never tell anyone but my teddy bears. I mean how many guys know when it's that time of the month for their girlfriends, (sometimes you know before I do!) Kevin you have ~~loved~~ loved me in so many ↑

→ Different ways. You've loved me as a teacher, a mother, a brother, a best friend, and a lover! You have shared yourself with ^{in ways} me that I never dreamed would happen to me. And the thing is all the times we've been together you meant every word you said and every action you made, you weren't fake but you are really in love with me. You have made me the happiest person alive today.

1986 WARRIAN

The thought of spending the rest of my life with you sends chills up and down my spine. Our love has grown into a bond between two people and that bond can never be broken no matter what may happen.

Kevin,
So a great friend who I can really shop with. Remember all the fun times in the past and hope for more to come. Never forget BAND! Have fun in Europe, you scum, have a great time in Paris and send me postcards!

WARWICK SENIOR HIGH LITITZ, PA VOLUME 30

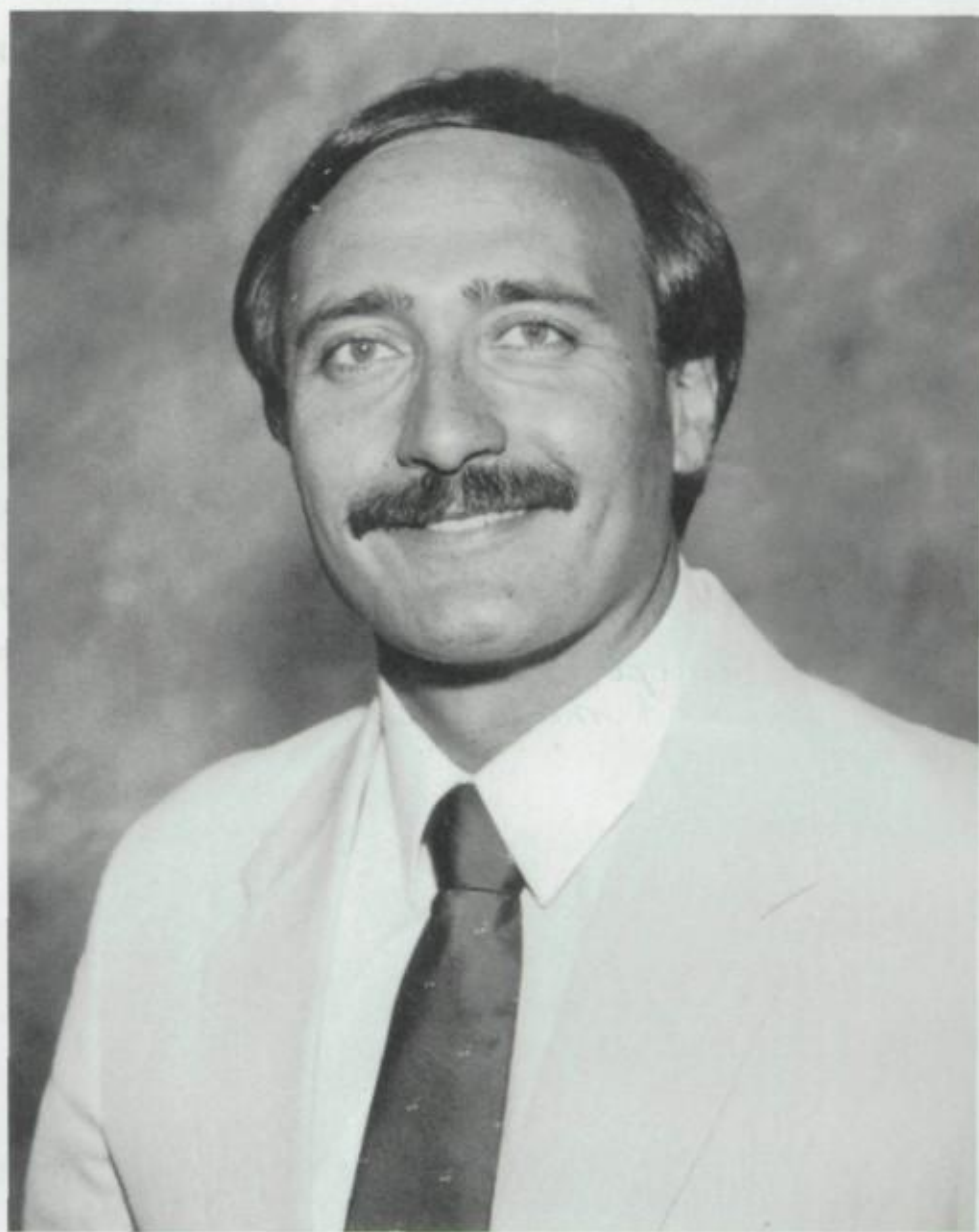

So here's to a great year and many more to come!

Hopefully in about 5 years you will get what I would really like to give you. I think you know what I mean. I just want to

ask that you never stop loving me and that you will always be there when I need you, because I'll always be here for you. Well I better say good-bye I took up too much room already and besides my eyes are full of tears of joy. Thanks for everything.
I LOVE YOU Lisa ♥

On behalf of the administration and faculty at Warwick High School, I congratulate the yearbook staff for their many hours of hard work in producing this year's yearbook. In my years of working in the position of high school principal, I have watched the yearbook go through many changes to provide students of Warwick High School with a publication which truly reflects the highlights of a given school year. Years from now current students at Warwick High School will have an opportunity to look through the *Warrian* and remember the many facets of life at Warwick High School. The *Warrian* truly captures the picture of people working together, learning, and enjoying their high school years. Congratulations on a job well done.

Mr. Stephen A. Iovino
Principal

"Be all that you can be." Many of us have heard these words repeatedly the past several years. In fact, often times because they are so familiar, we take them for granted. Being the best takes a conscious individual effort at all times. I hope that each graduating senior has made that effort and is ready for the future that awaits him or her. For each of you, I wish success and happiness.

Underclassmen, I challenge you to make a commitment to yourself and your school. Be the best you can be, and in return, your school will be the best it can be.

Congratulations to members of the *Warrian* staff. I'm sure the entire Warwick community appreciates your dedication and hard work in producing an excellent publication.

Marcio

José Márcio Atz, known to everyone as Márcio is staying with the David Bradley family. Márcio, is an AFS student from Brazil. His favorite food in America is chicken pot pie. Márcio finds the people at Warwick friendly, however he notes that there are more rules and less freedom at Warwick than at his school in Brazil. Márcio isn't having much trouble in the U.S., for he is staying with an excellent family. He feels the students are very helpful and fun. Márcio is not involved in any activities at the present time, but he wishes to participate in more activities as the year progresses.

OUR FOREIGN FRIENDS

Sigmund

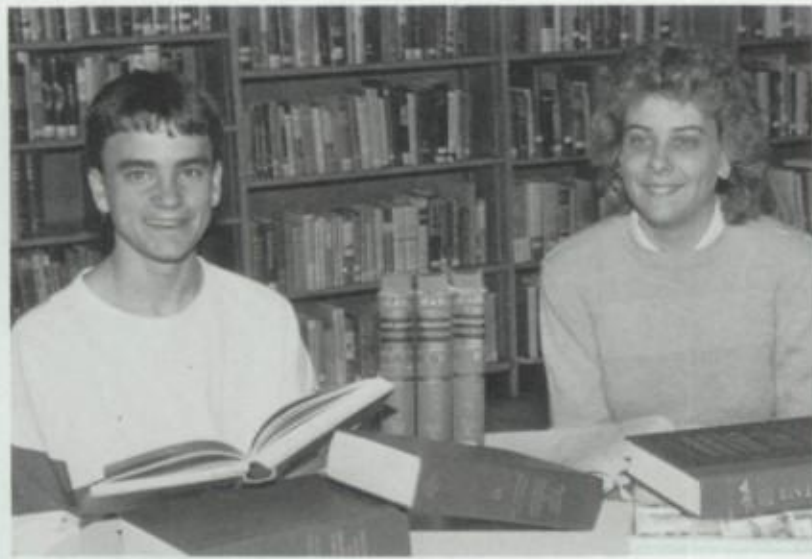

Sigmund Lystrup, visiting from Norway by way of the AFS program, is residing with the Richard Melot family. One reason Sigmund was interested in becoming an exchange student was that both his parents were foreign exchange students in the United States. One difference he finds at school is that the work is easier at Warwick, but it is stricter than in his native country. Another is the fact that the students here have more choices as to what classes he or she would like to take. During his stay in the Lititz area, he has found the people friendly and helpful. Several of his hobbies are windsurfing, visiting aquariums, and using his Commodore 64 computer. Sigmund lists pizza and subs as his favorite foods in America. At Warwick, he has been involved in Student Government and the ski club. One of Sigmund's future plans is the possibility of attending college in California.

Gonzalo

Gonzalo Irazabal is a YFU (Youth for Understanding) exchange student from Spain. Gonzalo is staying with the Carl Esbenshade family of Brunnerville. When Gonzalo arrived in the United States he found some surprises but his brother, who went to Michigan last year, had told him about America. Gonzalo came from an all boys school where instead of the students moving from room to room, the teachers came in and the students stayed in one room the majority of the day. Gonzalo feels that this was the biggest difference and that he finds our system better. Gonzalo thinks that the rules at Warwick are strict but that the people are friendly. Gonzalo at first had some trouble with his English but now he is able to understand the classes and his friends much better. Although Gonzalo isn't in any sports at this moment, he enjoys playing tennis and basketball. He is participating in Student Government, ski club, and the AFS club. Gonzalo is considering coming back to the U.S. to study to be a lawyer.

HAIRDO

Through the ages, hair has moved from crew cuts and ducktails to the buffont and the flip. In the mid-70's the "perm" revolution began which led to the renewal of the all time favorite the "BOB"! This popular style comes in all shapes and sizes — long, short, curly, or straight the wearer decides how far out he wants to appear!

VOODOO

Today, in 1985, hair ranges from the short, conservative look to the latest bi-symmetrical style which has hit Warwick full force. This new look allows the cutter to use his own imagination and to reach new heights of creativity. And maybe, if you feel really wild, add a bit of red, green, or blue dye (or all three) to that punky hair and make the look even more unusual.

Hair has, and always will, change with the times and flow with the fads. Now, Warwick, here is your chance to show us what you're made of. Let's see your hair!

HOMECOMING '85

The crowns glittered as the autumn sun was shining on the heads of returning Homecoming Queen Cindy Hurst and newly-crowned queen Toni Herr, escorted by Jeff Lepard. The first runner-up was Anne Swan who was escorted by Marc Flickinger. There was a tie for the second runner-up. It was Susan Tobias, escorted by Ed Cholmeley-Jones, and Michelle Hershey, escorted by Matt Hershey. The other members of the homecoming court were: Chris Balmer, escorted by Eric Weaver; Linda Geiger, escorted by Tim Kershner; Kelly Glass, escorted by Scott Kissler; Gretchen Rhoads, escorted by Gary Minnich; and Lori Schneider, escorted by Dennis Hurd. Underclassmen included Julie Turano, Junior class representative, escorted by J.R. Zartman; Amy Nuss, Sophomore class representative, escorted by Steve Nuss; and Tonya Franck, Freshman class representative, escorted by Matt Hilles.

Top Left: First runner-up Anne Swan and her escort Marc Flickinger; Top Right: 1984 Homecoming Queen, Cindy Hurst, crowning Toni Herr, who was escorted by Jeff Lepard; Bottom Right: Second runners-up Susan Tobias and Michelle Hershey with their escorts Ed Cholmeley-Jones and Matt Hershey.

A DAY AT THE MOVIES

The 1985 Homecoming Parade of floats was fascinating. All the classes worked hard and put a lot of effort into their floats. The freshmen brought the Bears bad news (that our hits would knock 'em home). The sophomores wished to witness the murder of E-Town. The Bear Busters were brought in by the juniors to exterminate the Bears. The seniors brought Rocky back into the ring to beat up on a famous bear. "Bear Busters", the Junior float, came in fourth place. "Bad News Bears", the Freshman float, came in third place. "Rocky", the Senior float, came in second place, and "Witness", the sophomore float, came in first place. After all, we did witness the Bears' murder, and it was a wonderful day to place in Warwick history.

WARRIANS CELEBRATE VICTORY

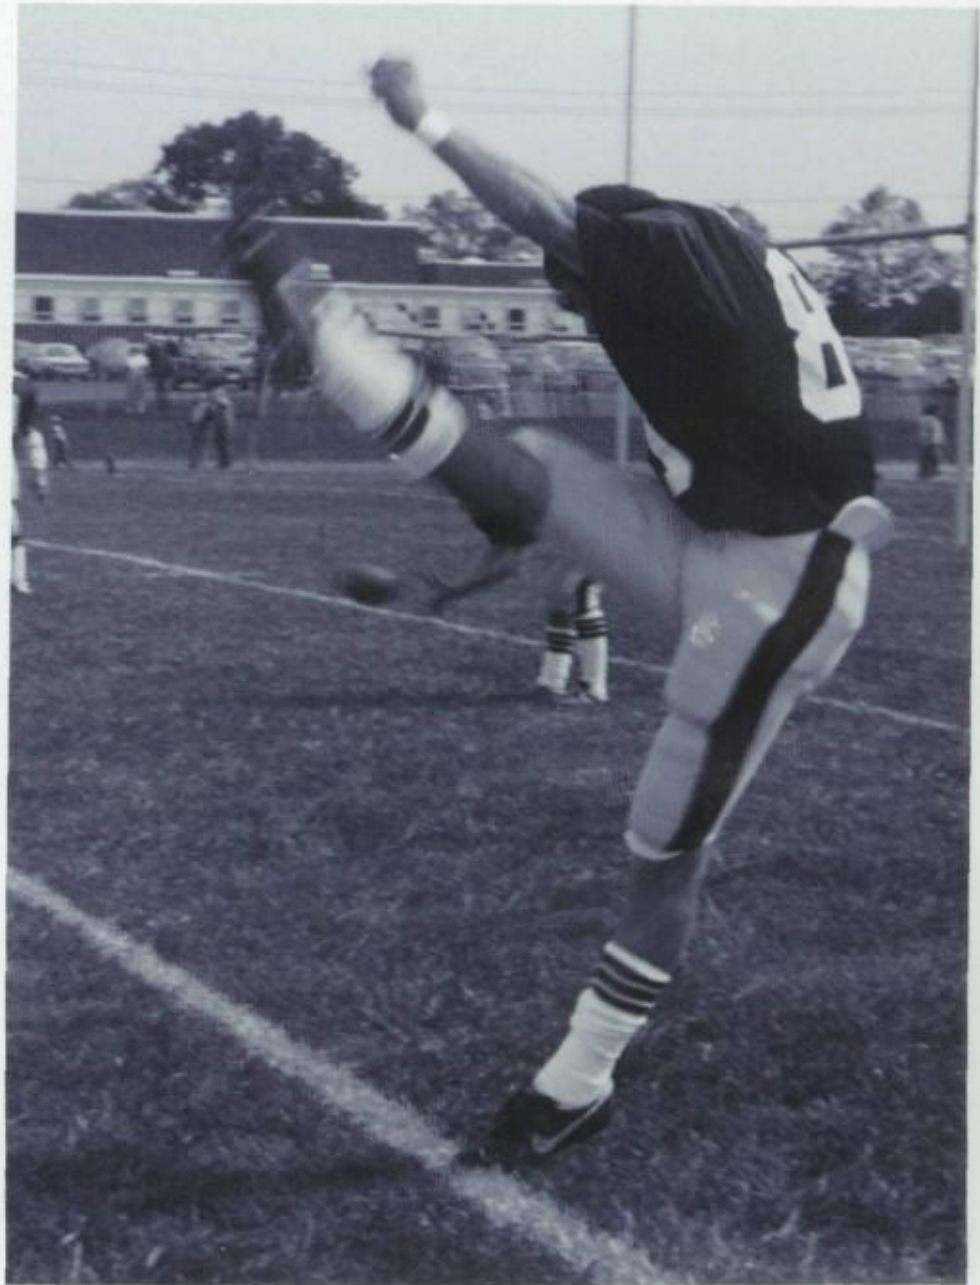

It was homecoming on Grosh Field and the old grads had the opportunity to witness the Warriors in one of their better performances. The win broke a four game losing streak. The fine showing offense came alive at the right time. Cool and crisp was the setting for the homecoming football game between the Mighty Warriors and the E-Town Bears. Warwick school spirit was everywhere. Streamers and balloons with screaming fans set the perfect atmosphere for this football game. Get ready, because the game is about to begin. Here come the Mighty Warriors!

Neither team did anything with the ball on their first time of possession. However, on the Warriors second series, they put on a sixty-five yard march that ended in the endzone. The Warriors scored with fifty-nine seconds remaining in the first period.

Here the Bears fought back, with the Warriors at fault, a play consisting of an eighty-one yard run for a touchdown was achieved by an E-Town player. The last ninety seconds of the first half saw the lead of hands change twice. To Warwick's surprise, an alert Bear scooped up the ball after a blocked punt and dashed for thirty yards, giving E-Town their second score.

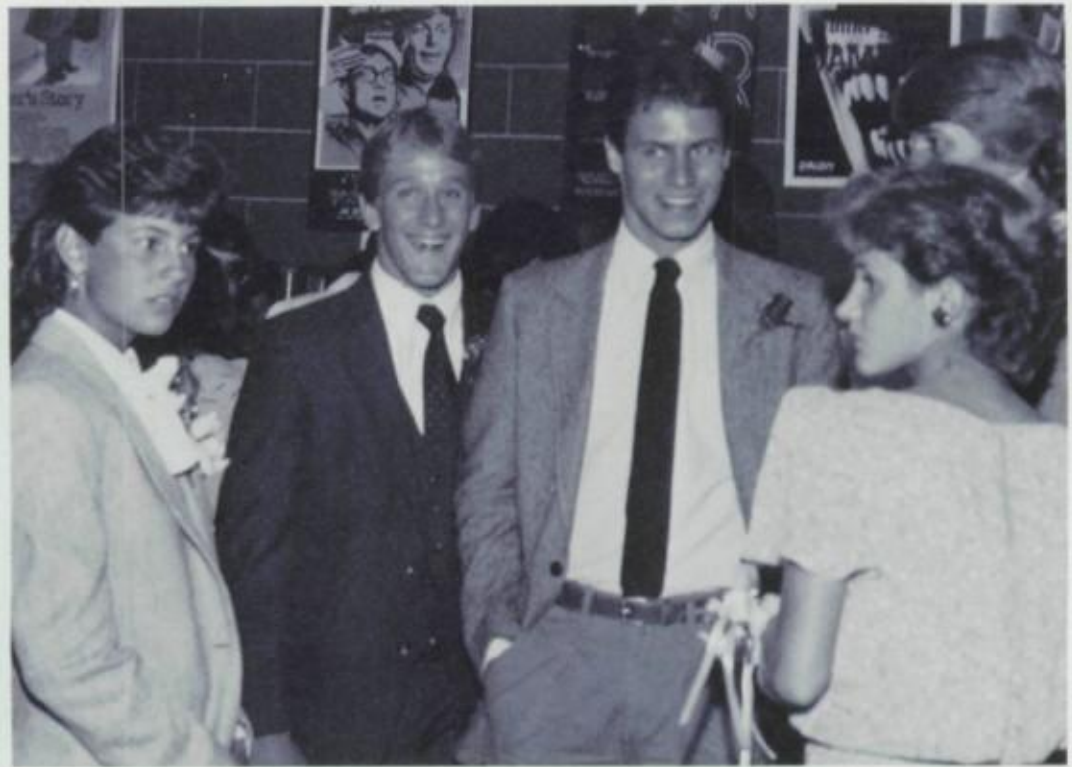

The Warriors put on one of their best drives of the year on their first possession in the second half. They took over on their own fifteen and in eleven plays had their second score. With the ball on the Warwick thirty-four yard line and only fifty-eight seconds left the Warriors went to work.

After two running plays, the quarterback threw the ball to another team member. This play picked up twenty-four yards. On the one yard line a Warrior carried the ball for another score. The two point conversion was completed. The final score was Warwick twenty-one and E-Town eighteen. Victory had once again been captured by the Warriors after their losing streak. The fans rejoiced. The players were full of pride, and spirit was retained in all hearts throughout the day.

THE CIRCUS TO TOWN

The 1985-86 Warwick High School Marching Band opened its exciting show with a circus — complete with a tent, clowns, acrobats, jugglers, and ringmasters, all centering around the music from the Broadway show *Barnum*, consisting of: Prince of Humbug, There's a Sucker Born Every Minute, Join the Circus, and The Colors of My Life. They concluded the show with a patriotic George M. Cohan Medley, red, white, and blue flags, and the band in the U.S. formation.

The band received a second place at the Liberty State Competition for the fourth year in a row. The season was an overall success thanks to the McMillans, W.I.M.P.O., the Lititz community, and the entire marching band. Best of luck in seasons to come!

MUSICAL NOTES FROM

THE SINGING WARRIORS

The Glee Club singers' year started off on Sunday, December 15 when they put on their Christmas production. This program included songs from "Up on a Housetop" to a selection from "Amahl and the Night Visitors," an opera by Menotti. It was a beautiful show with the traditional candle lighting ceremony and with alumni helping to sing the "Hallelujah chorus" by Handel.

The Glee Club members should be given a firm pat on the back for adjusting and readjusting to two music substitute teachers, Miss Bean and Mrs. Limbert, while waiting for the original director, Mrs. Pippart, to return from her journey to Hungary. The Glee Club members welcomed Mrs. Pippart back to Warwick High School and looked forward to a productive ending to the 1985-86 school year.

On November 22 and 23, 1985, the Warwick High School drama affiliated students presented Tim Kelly's comedy, "M*A*S*H." This two act play was located at the compound of the 4077th Mobile Army Surgical Hospital during many months of the Korean conflict.

The evening was full of laughter which was due to many humorous events which varied from Burns's dead cat to Waldowski's memorable occasion when he was brought back from the dead! Both of these and many other episodes were due to the witty and hysterical pranks of Hawkeye Pierce and Captain Duke Forrest.

Overall the night was a big success which should only be credited to the hardworking and dedicated performers of Warwick High School.

The "Warrior Wampus" staff meets each club period to produce a newspaper for the student body. This year their goal has been to publish three papers, and next year they hope to exceed that number.

The staff members meet to discuss story topics, and then each person writes his article. The editors (news, social, and sports) help by proofreading each story. After the writing process is completed, the articles are typed and sent to the publisher. The publisher returns the stories in a column format to them, and they position the articles on a sample newspaper page. The company returns a finished paper to them after that. The entire process takes approximately four to five weeks.

1985-86 Warwick Warriar Yearbook Staff

The 1986 Warriar Staff, with editors-in-chief, Judy Garner and Nell Amidon, had a busy year to get the yearbook published by May again this year. The staff consisted of twenty-two members who spent many long hours after school and on their own spare time to meet the May publishing date and to work on the supplement with the spring activities in it. This was first introduced last year and was a great success. We hope it is just as successful with the 1986 Warriar. Our second year with Herff-Jones Yearbooks has been very promising and our Herff-Jones representative, Al Oussoren, has been helpful in the production of the yearbook. Also Mrs. Witmyer has spent much time working with the students and advising the staff to make a memorable yearbook.

1985 HOCKEY TEAM TRAVELS TO STATES

The 1985 edition of field hockey reached new horizons in field hockey that no other team and sport at Warwick has ever reached. Winning the district title the girls became the 5th team at Warwick to do so. However, their 4th place finish at States was a first by any team. The senior captains can be awfully proud to have played as a Warrior and to have set such precedence. The Warwick field hockey team led the L-L league in offense with 29 goals scored. Also the team scored a total of 54 goals throughout the season. Including the tie breakers, the team scored an additional four goals. The top three scorers for this year were: Kelly Glass (19), Michelle Hershey (11), Julie Teaman (9). The Warwick defensive team led the L-L league in total defense with only allowing two goals scored. The defense however, did not allow a single goal to be scored off a penalty corner. Nancy Gockley, Warwick goalkeeper, saved 59 of 63 shots that got to her. That would be a 94% save average. She is credited with a total of 14 shutouts in 21 games. Nancy at one time had a series of 8 shut outs in a row. The following players were selected to the All-Star team: Kelly Glass (led the league in scoring), Michelle Hershey (voted MVP offensive player section 2, scored four goals), Julie Teaman, Connie King, Lori Schneider, Nancy Gockley (honorable mention.).

The 1985 varsity football season was filled with frustrating losses, but the players never gave up, not even when they were outmanned by teams with superior size, speed, and talent. In each of the seven losses, the team went into the fourth quarter in a position to win. Never were they losing by more than a touchdown at the end of three periods. But lack of experience, lack of team speed, and lack of depth took their toll in each of their losses. The team could not be accused of lack of effort, though.

The Warwick soccer teams competed in the Lancaster-Lebanon League for the first time this past season, finishing with a competitive 5-4-3 record and tying for third place in Section Three. Senior starters who contributed and will be missed next season included Greg Hodecker, Tim Hazlett, and Doug Steinhauer. The team in general enjoyed a very gratifying season, making vast improvements in their overall play. Tim Hazlett and Buck Hartzell received individual all-star selections for this past season.

CROSS COUNTRY

The highlight of the season was when we defeated Catholic 28-27. While at Warwick, I've never beaten them before! This was the least experienced team I've ever coached at Warwick. Only three people had running experience. Dan Kachel, a senior out for the first time, placed first in every meet for Warwick. He had the fourth best time, 16:58, for Warwick in the past six seasons. We were good at 1 — Dan, 2 — Jeff Binzen, 3 — Chris Burns, but the fourth and fifth man never improved enough for us to win the close meets. The two co-captains for this year were Jeff Binzen and Mark Wood. — Coach Nixdorf

This season the boys basketball team had a winning year. Their season started off with two losses but that didn't stop the courtmen because they came back with the winning spirit. The four seniors: Marc Flickinger, Jamie Eshelman, Keith Ramsey, and Mark Wood played a big part in the success of the team. The team, averaging 63 points a game, went on with the season to come out on top. Having won all league games the Warwick boys were placed in the number 1 spot to win the section title with a 14-0 league record. Next, moving into the L-L league playoffs, the warriors lost to Lebanon 49-52. The boys team will move on to Districts.

VOICES OF WARWICK

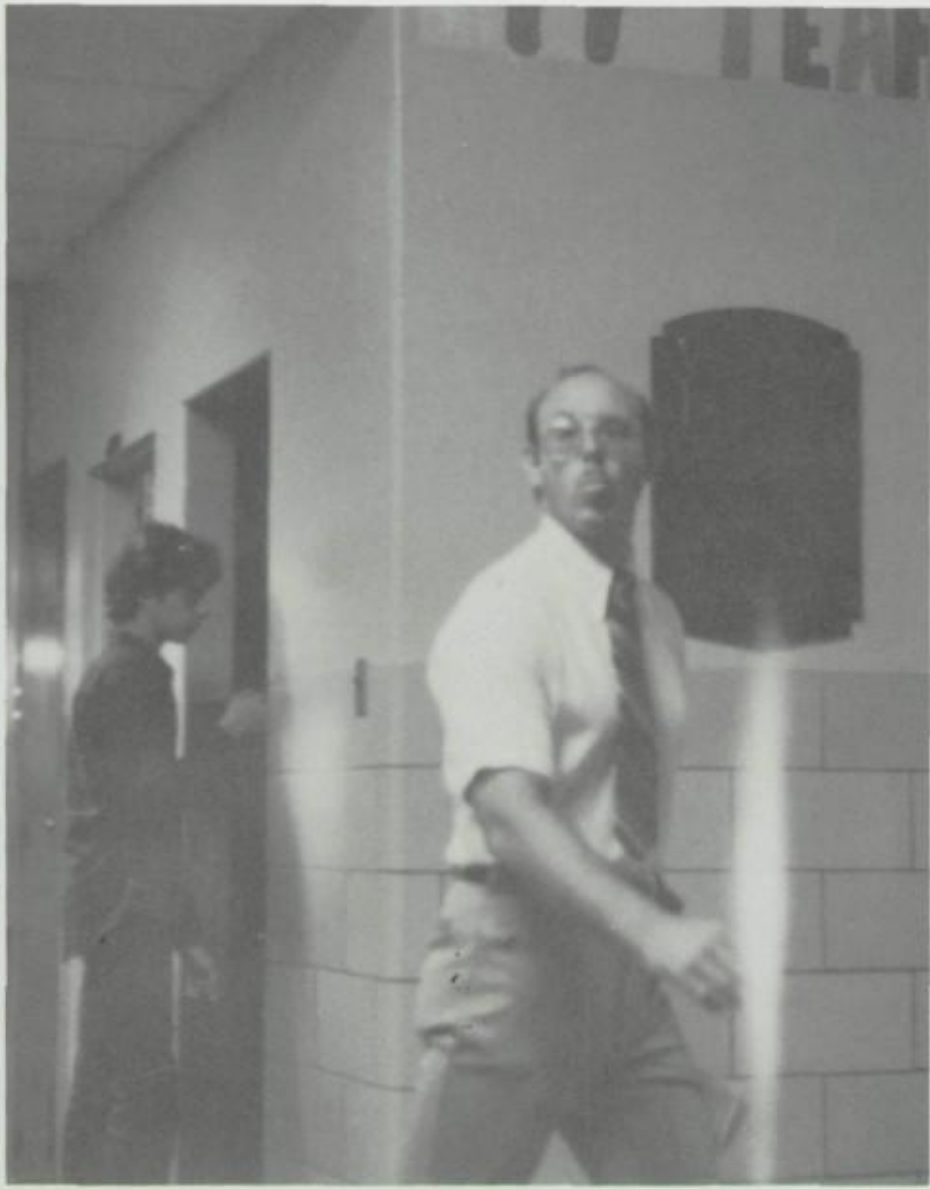

The cheerleader's season begins early in June when they attend cheerleading camp. The girls continue practicing throughout the summer, and begin painting signs to brighten the halls of the high school for the upcoming season. In order to promote school spirit, the cheerleaders started the school year with a "Spirit Dance." They continued promoting spirit throughout the year by chanting through the halls, and by decorating lockers, locker rooms, and pillow cases. This year's Varsity captains were Michelle Petticoffer and Melanie McCain, and the Junior Varsity captain was Denise Enck. Squads were coached by Cheryl Garner, Karen Erb, and Margie Keener. The Junior High squad was coached by Kathy Badorf. The overall year was completed successfully not only by the cheerleaders, but also by the fantastic teams and the involvement of the school students.

NETMEN STRIKE AGAIN

Top — 1985-86 Boys Tennis Team — Front Row: Chris Egolf, Mike Henderson, Brian Geller, Lonnie Smyth, Jason Fry, Pete Sheppard, Keith Stauffer, Paul Trefny, Eric Stein; Second Row: Brad Nicarry, Andy Allwein, Kevin McEvoy, Marcio Atz, Doug Steinhauer, Gonzalo Irazabal, Brad Zechman, Derrek Freese- man, Noel Poirier, Drew Martin, Ted Turano, Tony Erkens, Kyle Buckwalter, Coach Wanner. Bottom — The leader in 'Action.'

The team with the bright yellow 'Spalding' tennis balls finished second in Section I with a record of 6-1. The team was led by its number one player, junior Brad Zechman. This incredible player had an outstanding year, winning all his dual matches to finish with a record of 12-0. He also won the League Singles Title and the District 3 Singles Title. Brad finished among the top 16 players in the state in the State Tournament. Senior Doug Steinhauer had a league record of 6-1 and played in the District mixed doubles tournament. Doug won some big matches for the team over the years, and his loss through graduation will be felt next season. Senior Tony Erkens and exchange student Gonzalo Irazabal will also be absent from next year's team. Each of them played several matches. Underclassmen Mike Henderson, Brian Geller, and Derrek Freese- man will be looked to for help with next year's team in its quest for a title. Mike Henderson had a final 10-2 record at #3 and showed great improvement from his freshman season. Brian Geller, with a record of 7-4, and Derrek Freese- man, with a 4-0 record, should return to help. All in all, it was a good season for the Warrior netmen as we look forward to even better things in the coming year.

1986 WARRIORS'

The 1986 Warriors Baseball team enjoyed an exciting and successful season, finishing with a 16-8 record. Although fielding the youngest team in Section IV, the boys were able to finish in a tie for 1st place with Garden Spot, only to lose a thrilling 7-6 tie-breaker. In the District III Class AAA playoffs, top seeded Lower Dauphin fell to the youthful Warriors 3-0 in the upset of the tournament. Much valuable experience was gained, and with 12 lettermen returning, the future looks promising for 1987.

For The Gold!

During the past few years, the girls softball team has concluded several successful seasons. The three seniors — Nancy Gockley, Kelly Miller, and Tami Rogers — have been instrumental in providing the needed leadership for two consecutive second place finishes.

Nancy Gockley was the leading hitter with a .510 batting average, Tami Rogers received the Golden Glove Award for the top fielding average, and Kelly Miller was selected Most Valuable Player of the season.

Warwick ended the season with a league record of 11 wins and 5 losses and also finished second to the Lady Barons of Manheim Central.

WARRIORS ACHIEVE FOUR CONSECUTIVE SECTION II TITLES

This 1986 track season was probably one of the most exciting and satisfying seasons in a long time. The team's third place finish in the All-League meet is the highest finish since 1968.

The season was exciting due to the fact that only eight lettermen returned. Still, the team worked together with the leadership from senior captains Blake Bender and Mark Wood.

A satisfying season for the seniors, it was their fourth consecutive Section II title. They will leave Warwick with something that no other team can boast about: They never lost a league meet in four years. Four of the seniors completed four seasons: Blake Bender, Jim Koelsch, Jeff Binzen, and Mark Wood. They have many fine memories of their seasons. They will long be remembered, not just for their accomplishments, but for what they gave of themselves to make this team strive for more.

The following members advanced on to districts: Jill Althouse, Anne Swan, Kim Buckwalter, Heather McCloud, Angie Forry, Sonya Weber, Pam Snavelly, Sue Baker, Amy Herr, Nicole Gochnauer, Kim Kometa, and Michelle Weinlick. TALENT SHINES THROUGH

Another successful talent show took place this year. The annual talent show is an attraction Warwick students and faculty look forward to each year. This year's show contained numerous soloists and many air bands. Each act of the talent show had its own unique qualities. No one ever knew what was coming up next. As the show came to a close, all over the building was heard, "... Can't wait till next year." and "Did you know they could play like that?" Well, the show is on its way again, so let's see what it has in store for us next year.

Stephanie Keebler touches the hearts of the audience.

Donna Groff is another talented voice that touches all who listen.

John Hess and Eugene DeLong do a rapping version of Amish life.

Senior Dan Kachel lets his talent shine through.

Tim Jutzi brings a new sound to Warwick High.

AT WARWICK

Christy Balmer and Pam Bard perform a favorite tune.

Bill Splain performs in one of the many talented bands here at Warwick.

A touch of folk art was given by Marcio Atz.

Kevin Dodge and Lisa Weidman share the spotlight.

Gary Minnich accompanies himself on the piano as he sings.

RAINDROPS ON ROSES

The "Hills" were truly alive on April 10, 11, and 12 when many Warwick drama-affiliated students smelled like roses as they performed Rogers and Hammerstein's "The Sound of Music". This delightful and heartwarming musical was of a young and outgoing nun searching for her real niche in life. Maria, the nun, was played extremely well by junior, Jill Downing. The nun experiences a taste of the real world as she becomes a nanny to seven Von Trapp children. Three of the actors who played the children were not of high school age. Megan Reardon played Brigitta while attending Middle School; Jamie Wallace played Gretl, and Elizabeth Dougherty played Marta. Both were of elementary and pre-school age. These three were a creative and talented addition to the cast. Captain Von Trapp, a prestigious and true head of the house, was a little disturbed by Maria's way of entertaining his children. The Captain was played exuberantly by senior, Spencer Keasey. The odd couple of the musical were the Captain's friends, Max Detweiler and Elsa Schraeder. These two parts, played by Eugene DeLong and Nell Amidon, brought humor and great entertainment to the show. As Maria taught the children many songs, her feelings toward the Captain changed. It was no longer just a feeling of respect, but one of mutual love. Finally, the wedding day came, and the sounds of sweet music were even louder. The musical ends with an heroic escape from Nazi-infested Austria to the neutral and free Alps of Switzerland by the courageous Von Trapp family.

Many hours and hard work by cast, crew, helpful parents, and members of the community were given to make this year's musical a success. Sue Logan, the publicity manager, helped tremendously by getting the school involved in the "Hands Across America" promotion. This led to an interview and a spot on Channel Eight T.V.'s "P.M. Magazine" for the musical cast. Much gratitude and applause should and was given to a truly splendid cast which made three glorious nights filled with the warm and lovely sound of music.

NHS Inducts Forty-Eight New Members

On Monday evening, May 19, 1986, the Warwick Chapter of the National Honor Society held its annual induction ceremony. The forty-eight inductees were eligible for induction into the National Honor Society as a result of obtaining a 3.25 grade point average at the end of the third nine weeks of his or her junior or senior year. Leadership qualities, character, and service to the school and community were also factors used to determine which students were eligible for the award. The evening began with Mike Badorf welcoming everybody in attendance. After the welcome, four present members of the National Honor Society spoke on qualifications. Eric Wolfe began by speaking on scholarship, which followed by Marc Flickinger on leadership. Next, Gretchen Rhoads spoke on character, and Kathy Deibert concluded by speaking about service. After the four speakers finished addressing the audience, Mike Badorf introduced the new members, who were escorted to the front of the cafeteria by present members of the National Honor Society. With all new members at the front of the cafeteria, each held a lighted candle while reciting the National Honor Society Pledge.

A NIGHT IN PARADISE

Hours before it all began, excited young couples arranged and rearranged their clothes and their hair in an attempt to look stunning for what should be a night to remember — Prom night. The theme for the 1986 Prom was "Paradise Island," and for most it was paradise. The junior class poured much effort into the preparations for a successful evening. The activities began at the Old Hickory Inn, where a variety of grateful borrowed cars, including a chauffeur-driven limousine, arrived to deliver the honored guests.

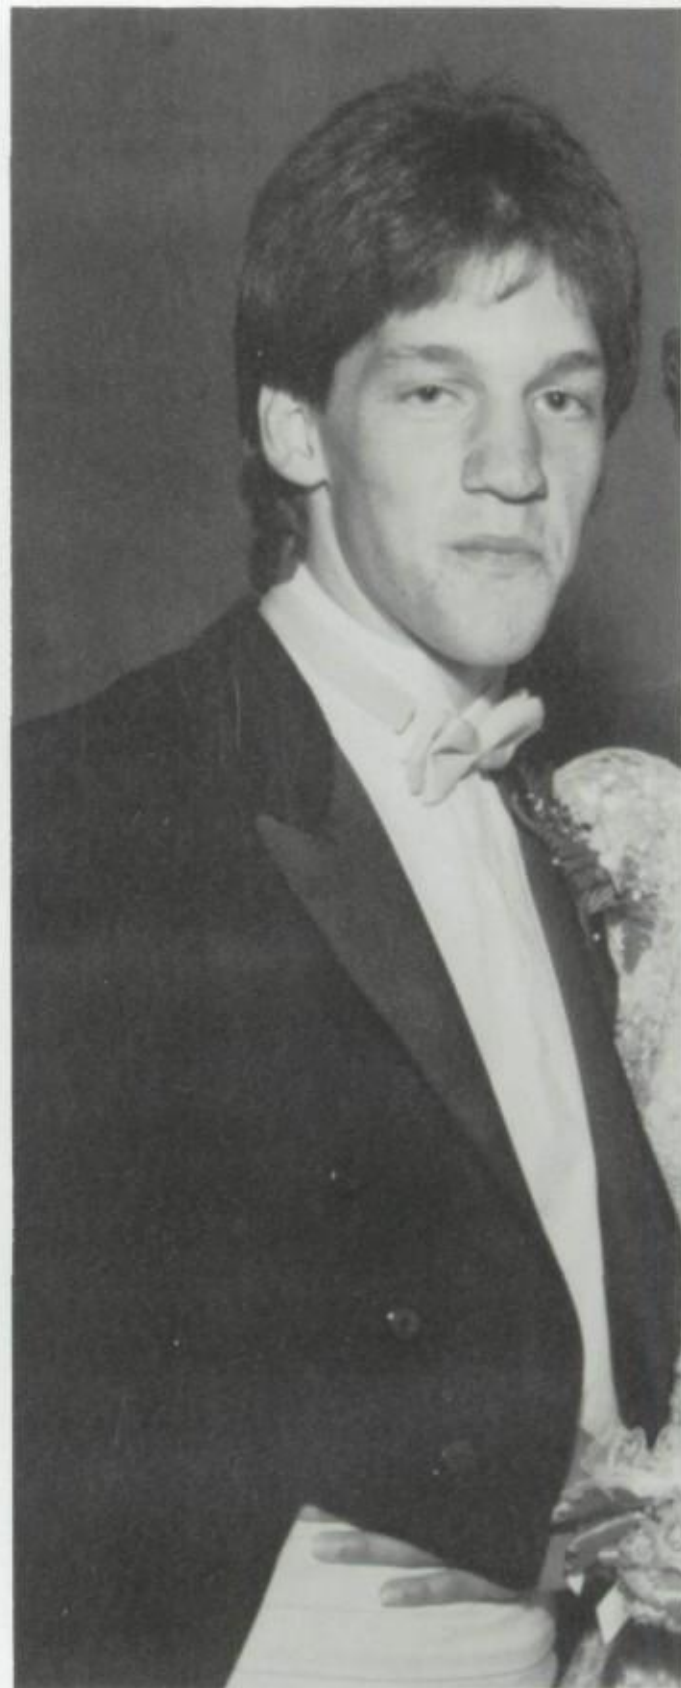

Dinner consisted of melon balls served in champagne as the cocktail, salad as the appetizer, and for the main course, stuffed capons and french cut green beans.

What could follow such a dinner, but dancing? Though the dance floor was small, no couple, who wanted to, seemed to have any trouble finding its own private spotlight. The entertainment also included a recap of the ever popular "Amish Rap" by Eugene DeLong and Jon Hess. Prom Queen, Lori Schneider escorted by Scott Deisley, was selected by an unbiased committee made up of teachers' escorts. Lori was

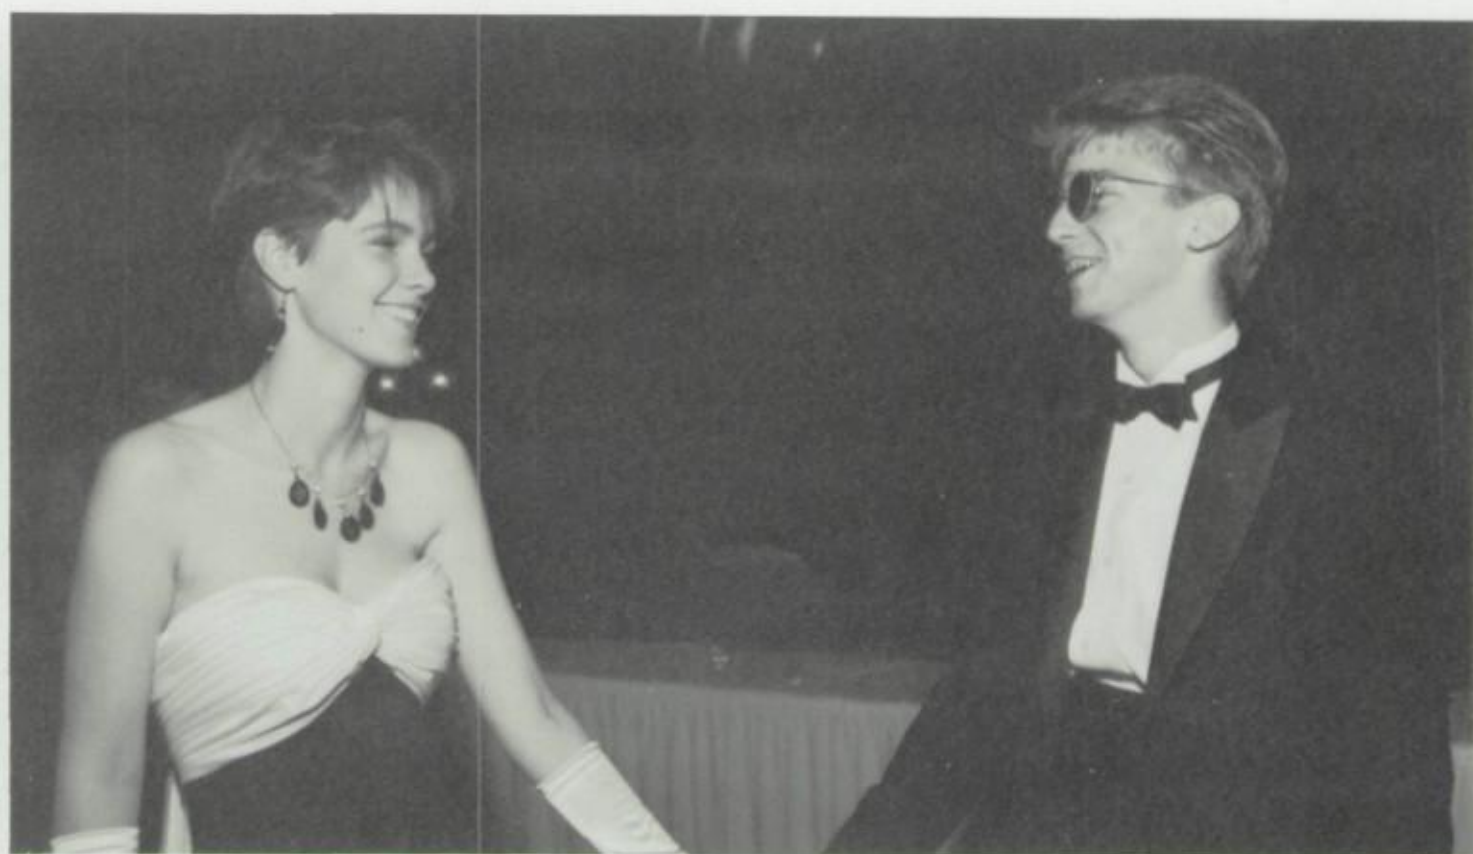

crowned by our spokesperson for the evening, Julie Turano. To top what seemed to be an already perfect evening, those who chose to, attended Post Prom. Car keys were collected upon entry. Not that it mattered, for once one stepped into this Island Paradise, few would want to leave. The juniors were to be commended for the excellent decorations. Stepping over the bridge at the entrance, one could almost imagine being on a Pacific Isle. The gym and gym lobby floor had been transformed into a truly tropical setting. The foyer was decorated with a white bridge and a pool containing assorted goldfish located underneath. The lobby had several shops — "Alison's Flowers," "Basket Bazaar," and "Paradise Apparel." The gym was filled with trees and benches and a cage filled with assorted birds. Music at the Post Prom was supplied by the same D. J. as the one who entertained at the Prom. For those whose feet were too tired to dance by this hour of the morning, two movies were provided, "Splash" and "Back to the Future." The entire affair was both well organized and fully enjoyed.
